To Whom it May Concern

Re : Mobile Application Developer

I am writing to apply for the Mobile Application Developer position, as advertised on the AIESEC Opportunities Portal Website.

I am an enthusiastic and high-achieving Bachelor's Degree student of Informatics/Computer Science. I have exceptional technical and analytical skills, with experience in software development, web development, database management, testing and evaluation, which I have gained in various project during my college and freelance career. For the past 15 months I have been active as a marketing staff at Inkubator I.T so that I have a little experience in digital marketing and want to learn more about it.

I am eager to pursue a successful career in IT, and the Chestnote position is perfectly aligned with my skills and interests. I hope to find challenging and fulfilling work that will allow me to further my expertise while working within a team and growing with the organisation.

You will find me to be a positive, motivated, and hard-working person who is keen to learn and contribute.

I believe that I have the right skills and experience to be a great fit for this position. My resume is attached and I look forward to being able to discuss the position with you further.

Kind regards,

Febi Agil Ifdillah
